This mail is to thank you all for being with us and making us proud. We have given advisory on 26 and 27th February on Index and we were right on both the days. It's not that we are god or we are lucky enough. .

"It's all about research theory which we innovate and using."

It's been from last 2 years, we are in the research field and doing good. It's all because of your blessings.

So we would like to thank you all and invite you to be the part of our research family.
